Leno Rocha

is awarded this **Data Scientist** certificate in recognition of their skills.

Workera evaluates skills used by machine learning engineers, data scientists, and software engineers in their work. It is designed to assess a candidate's ability to perform tasks such as data engineering, modeling, deployment, business analysis, and AI infrastructure rather than test for knowledge.
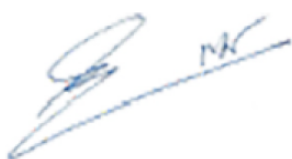

For more information about the test, please refer to **www.workera.ai**.

Verified Certificate ID: EPL39LAE

*Percentiles are used to compare all candidates who have completed Workera tests.

TEST PERFORMANCE

Section	Score %	Proficiency	Percentile Rank*
Software Engineering	**45%**	**Developing**	**54%**
Data Science	**71%**	**Accomplished**	**90%**
Mathematics	**93%**	**Accomplished**	**98%**
Algorithmic Coding	**100%**	**Accomplished**	**98%**
Machine Learning	**70%**	**Accomplished**	**89%**
Deep Learning	**69%**	**Accomplished**	**92%**

What kind of AI professional are you? Take our skills-based test to find out.
